Investor Offering

Offering Summary

Veloce Capital's investment strategy focuses on real estate collateral to seek an attractive risk and return profile.

The current active investment represents approximately 5,000 square foot ground-up construction of multi-use 6 unit residential multifamily in Paterson, New Jersey.

Veloce Capital has placed an equity position of \$500,000 covering land acquisition, soft costs, and site work. A construction loan of \$809,875 to complete the project is approved. At completion, refinance will take place on a capital value of \$2,070,620, and the sponsor will receive an 80% loan based on refinancing exiting Veloce Capital's position.

Veloce Capital LLC will received a 21% preferred equity annualized rate.
